# ART EXHIBITION

To celebrate French Animation Fest, TRK welcomes local artist **COURTNEY SIMONE** for an exhibition of her artwork. Don't hesitate to talk to her, she will be there to be meet you.

My name is Courtney Simone, and I am the artist behind Courtney Simone Art! I am a Southern California native, residing on the outskirts of San Diego. I am a painter, maker, writer of words, and visual artist who shares their work with the world through a multitude of mediums.

Bringing my ideas to life through visual form resonates with my heart the most. Sometimes this looks like a series of colorful wall art for your home, and other times it's making some funky and unique pieces of wearable art, also known as jewelry. However it's presented, making things is my jam!

My goal is to always leave others feeling inspired and empowered to be their best creative and authentic selves. I hope that my expression of Art leaves a lasting impression on the people I come in contact with in a way that ignites their soul.
